

Fee Guide

2025/26

Funded sessions are available for 38 weeks per year, and if you request year-round childcare, the remaining weeks will not be funded. We require a minimum booking of 3 days per week (not including Fridays). To check your eligibility, visit childcarechoices.gov.uk.

Once your application is complete and we have received the application fee, we will send you a personalised monthly/termly fee breakdown based on the sessions and days you choose.

Standard Fees without funding

Those not eligible for funding pay the full rate (consumables are included).

All children from 9 months can now access 15 hours of free childcare, increasing to 30 in September.
